Library Community Room

No, not the lions-and-tigers-and-bears kind of wildlife! More like the small critters such as birds, bees, butterflies and lizards.

UC Master Gardeners of Orange County will show you how to attract wildlife by creating a welcoming habitat. Learn to restore a natural balance, then reap the benefits as you enjoy watching these small creatures right in your own backyard.

Free, open to the public

Registration: 949-493-1752
