

RAISED-BED VEGETABLE GARDENING

THURSDAY, MAY 6, 10-11 AM

Presented by
The City of Mission Viejo

Raised-bed gardens are excellent for growing plants and vegetables.

In addition to being convenient, economical, and environmentally friendly, they provide better drainage, a higher yield in smaller spaces, an expanded growing season, easier maintenance and pest management, and an expanded variety of plants that can grow successfully.

***This class is a Zoom online presentation.
Free – Open to the public***
