***You can't do it all in one day, or even one month – it takes at least a year to accomplish all the gardening activities. UC Master Gardeners of Orange County will tell you how to do it, month by month.***

***Learn about when to plant which veggie, keeping fruit trees productive, pruning, mulching, starting seeds, soil, managing pests, fertilizing, irrigation, pollinators, harvesting, composting, plant rotation and so much more. Lots of tips for success.***

***The year of good food has just begun!***
