

“Wednesdays With A Master Gardener” Series

Welcome to this new series of presentations on residential horticulture for the gardening public. We will deliver topics of interest that are trending in Orange County plus breaking information on new garden pests.

This series will be monthly on the third Wednesday of the month at 6:30 PM via the ZOOM platform.

COMING LECTURE:

January 18th “Emerging Tree Pests”

Southern California trees are under attack by invasive pest species such as the Asian Citrus Psyllid, Gold-spotted Oak Borer, and South American Palm Weevil, to name a few. Learn the latest steps being taken to identify and mitigate these pests in Orange County and surrounding areas.

This class will be taught online via ZOOM.
