COMPOSTING

SATURDAY, MAY 6, 10-11 AM

Hosted by The Orange County Great Park Farm + Food Lab

With the passage of CA Senate Bill 1383, effective January 2022 Californians are required to separate organic material (mainly food scraps and yard waste) from other garbage.

Find out about recycling organic waste at home: the right balance of greens, browns, air, and water, a little troubleshooting ... and how soon you can expect to harvest your first batch of black gold-rich organic compost to improve your garden.

Free, open to the public
