***In the southern California garden,  
there are two seasons:  
warm and cool!***

***Fall marks the beginning of the  
cool season, and the time to plant  
many ornamental trees, shrubs, and  
spring-blooming bulbs. But even  
though it's still summer, now is also  
the time to plan ahead and learn  
what to plant this fall to have  
Fresh veggies all winter.***

***Free, open to the public***
