Library Community Room

***In the southern California garden,  
there are two seasons:  
warm and cool!***

***Fall marks the beginning of the  
cool season, and the time to plant many  
ornamental trees, shrubs, and spring-  
blooming bulbs. But even though it's  
still summer, now is also the time to  
plan ahead and learn what to plant  
fresh veggies all winter.***

**Free, open to the public**

**No Registration Required**

**Presented by the
