

RAISED BED VEGETABLE GARDENING

THURSDAY, DEC. 7, 1-2:00 PM

Hosted by
Norman Murray Senior Center
24932 Veterans Way,
Mission Viejo, CA 92692

Raised beds sidestep the problem with poor soil. They also provide better air infiltration, drainage, warmer soils early in the season, a barrier to weeds, and can facilitate higher planting densities to better utilize small spaces.

Learn how to create and maintain raised bed planters to grow fresh vegetables all year around.

Free, open to the public

NOTE: If you are unable to attend this in-person session, register for the online Zoom Encore on Friday, Dec. 8th at 10:00 AM
